CONNECTING TO YOUR PERSONAL WI-FI NETWORK

Transform your residence into a learning hub, social haven, and relaxation zone. All thanks to reliable Wi-Fi.

Sign up for your Personal Network & get online in 5 easy steps

A **personal network** is your central hub for your digital life. It connects all your devices in your room, like computers, phones, and smart TVs (and much more!), allowing them to share resources and access the internet securely.

1 Navigate to your available wireless networks and join the guest network, **Velocity Guest**; no password is required.

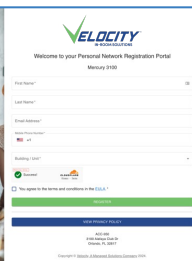

2 Navigate to **https://yournetwork.velocitymsc.com**.

3 Enter your *Name*, *Email Address*, *Phone Number* and select your *Building/Unit*.

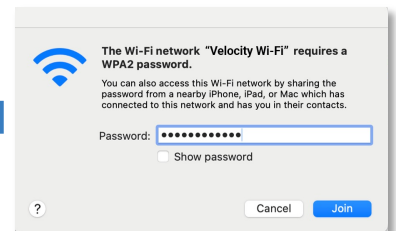

Desktop   Mobile

4 You will receive your personal network name and passphrase (password) via email *and* text message.

5 Navigate to your wireless networks and join your personal network, **Velocity Wi-Fi**, using the provided passphrase (password).
